🎯 OBJECTIVE

I'm a Frontend Engineer with interest in art. Creating responsive websites from scratch. Designing and maintaining frontend for web and mobile applications. Maintaining websites for clients. Communicating with the customers. Design and development of various websites. I'm looking forward to utilize my technical skills and provide professional services to customers by applying and honing my knowledge and working in a challenging and motivating environment.

💼 EXPERIENCE

Frontend Development

July 2022 - Present

Freelance

- Developed and implemented responsive user interfaces using HTML, CSS, and JavaScript.
- Collaborated with designers and back-end developers to ensure seamless integration of front-end components.
- Optimized website performance through code validation, image optimization, and caching strategies.
- Conducted thorough testing and debugging to identify and fix front-end issues, ensuring a smooth user experience.

🎓 EDUCATION
